

WELCOME ALL FAMILY MEMBERS

An addiction or disorder does not just affect the person with the illness, it impacts the entire family. That's why at Timberline Knolls, we offer family therapy as an important component of comprehensive treatment.

In addition, we invite all family members of TK residents to join us each Saturday from 5-6 p.m. for a special family support group held right here on campus.

This one-hour group immediately follows our 2-5 p.m. visiting hours and is led by a member of Families Anonymous. All visitors are strongly encouraged to attend. The group is designed to support loved ones and others living with those touched by an addiction or disorder.
