

THANK YOU TO ALL OUR INSURANCE PARTNERS WHO HELP SUPPORT RESIDENTS IN THEIR RECOVERY JOURNEY

Timberline Knolls develops and finds ways to make recovery possible for residents and their families. We not only facilitate the assessment and authorization process at the beginning of a resident's stay, but we also work to access coverage from admission to discharge.

WE ARE YOUR ADVOCATE

Residents and their families can trust both the admissions and utilization management teams to be advocates prior to and through the duration of their stay. The Timberline Knolls team serves tirelessly to support families by helping to:

- Navigate their policies to understand the extent of their benefits
- Research ways to reduce costs
- Conduct complimentary benefits checks to determine specific out-of-pocket costs

IN-NETWORK OPTIONS

Since opening in 2006, Timberline Knolls has understood that the cost of care can be a barrier to recovery for women who need treatment for eating disorders, addiction, trauma, and co-occurring conditions. But, because many benefit health plans recognize our success in helping women make real-life changes and avoid repeated relapses and hospitalizations, Timberline Knolls is able to work with insurance companies so that residents receive treatment on an in-network basis.

(877) 257-9611 | 40 Timberline Drive, Lemont, IL 60439 | www.timberlineknolls.com

Timberline Knolls is a residential treatment center located on 43 beautiful acres just outside Chicago, Illinois. We offer a welcoming environment for women and girls age 12 and older who are struggling with eating disorders, substance use or mood disorders, trauma, and co-occurring conditions. An adult partial hospitalization program (PHP) and intensive outpatient program (IOP), with supportive housing, are available for step-down and for women to directly admit. By serving with uncompromising care, relentless compassion, and an unconditional joyful spirit, we help our residents and clients help themselves in their recovery.
